No Suggestion

No

Infrastructure should be improved

More smart classrooms and additional of books to the library

Every thing is good

Open library for students

Infrastructure could be further improved and new teaching techniques can also be used for the better results of students which will help the departments and college as a whole.

In my opinion systematic and innovative techniques should be introduced in the college.

Institution is performing well inspite of limited resources

Basic facilities like clean toilets are a must

By updating the curriculum to reflect modern knowledge and skills and providing adequate resources, schools can create effective learning environments. Encouraging parent involvement and community support promotes a holistic approach to education. In addition, regularly assessing student progress and adjusting teaching methods accordingly ensures that individual needs are met. By adopting these strategies, schools can create a positive and supportive learning environment where students thrive academically and personally.

Students ke adhik admission ke liye girls Inter colleges ka survey karna chahiye.aur unhen clg ki facilities se avgat karaya Jaye.

Excellent

Everything is good

Provide new books in library

3

Institute is very good and is working well to achieve its goal

No

It should create better infrastructure

...

There should be an Auditorium .

Carrier counseling classes ka arrangement hona chahiye

The classes should be held in the morning

निरन्तर प्रयास लगन के साथ ।

There is lack of some resources in the college...with available resources, college is performing well and continuously trying to do best...more resources should be created so that more professional courses can be started in this college... thank you

Need to improve toilet and drinking water
